■ Off-road Dump Truck-TL84 Series

- No.1 market share 6x6 full-drive mode TL849 is aim at muddy,wet and high temperature conditions.
- 30% transport capacity more than road vehicle of the same power under the same working condition.
- Low purchase cost, high operational efficiency and short ROI.

Model	Tl843	Tl849
Engine (hp)	Weichai 336	Weichai 420
Gearbox	7 Forward Gears	
Kerb Mass (t)	22	22
Rated Loading Capacity (t)	32	30
Max. Total Mass (t)	54	52
Overall Dimension (mm)	8625 x 3200 x 3490	8988 x 3250 x 3704
Wheel Base (mm)	3600+1500	3710+1750
Standard Bucket Capacity (m ³)	Heaped 19 / Struck 22	Heaped 18 / Struck 21
Tyre	14.00-20	18.00-25
Lifting System	Single cylinder Front Lifting	
Max Speed (km/h)	42	56
Gradeability (%)	35	31
Min. Turning Radius (m)	10.5	11
Min. Ground Clearance (mm)	350	512

Shaanxi Tonly Heavy Industries Co., Ltd. (hereinafter referred to as "Tonly") is a hi-tech Chinese enterprise specializing in manufacturing of off-road transportation equipment. Tonly is the pioneer and leader in Chinese off-road vehicle industry and industry standard setter.

Nowadays, Tonly has established four business segments: Off-road wide body dump truck, mining dump truck, tunnel transportation equipment, off-road special transportation equipment. Meanwhile Tonly formed a series of fuel oil drive, fuel gas drive, pure electric drive, unmanned drive and so on. Tonly products are in the industry leading position in the development and application of intelligent and information technology. Tonly products are widely applied to fields such as various mines, hydroelectric fields and large-scale projects at at domestic and abroad. Tonly keeps market holdings and customer brand attention far ahead.

Tonly products have been exported to more than 30 countries including Russia, Mongolia, Kazakhstan, Kyrgyzstan, Tajikistan, Malaysia, Thailand, Myanmar, Laos, Indonesia, South Africa, Congo, etc.
